Vice Chair position still open.</p>	

Minutes

2.	<p>Climate Commission Strategic approach</p> <p>Introductions There was consensus that brief Introductions at the beginning of the meeting was useful.</p> <p>Presentations There was consensus that Rebecca’s paper should be shared with Presenters. Look to record presentations so they are available after.</p> <p>Vision and objectives- whilst networking itself is useful a strategic approach needed for 2025- scrutiny role. Workshop style meeting in Jan. Momentum from Climate Assembly, River Itchen outcomes. Resources - Citizens' Climate Assembly</p> <p>Wider surveys for public input could be useful.</p> <p>Additional funding for support, dedicate resources, even short term who could look to interview individual Commissioner’s to shape workplan – University resource? MSc or undergrad 3rd year project?</p> <p>Need to influence those who are not talking about climate change e.g. City Plan</p> <p>What particular things do we need to do to get a low carbon sustainable city? What are the barriers? How can we overcome these? What are the resources?</p> <p>Supporting bids and influencing policies.</p> <p>Linking into Renaissance Board</p> <p>What does success look like?</p>	<p>Need to prepare format for workshop</p> <p>City Plan Speaker</p> <p>Explore student support</p> <p>Update from Transport on talking Assembly recommendations forward</p>
